

John Bryan State Park is on the left, one mile down SR 370. Enter the park, take the first left towards the Day Use Lodge. Turn left at the lane next to the Day Use Lodge. Follow the trail 1/4 mile, the observatory will be on the right.

The park will lock the main entrance 30 minutes past sunset. If the gate is locked, call the observatory to have a MVAS member let you in the park. There is a pay phone in the campground, located just south of the park entrance. The phone number is 937-767-8478. If you wish to leave at night, ask a MVAS member to escort you out and open gate.
